Skill Level: All

Make this fun spiral quilt in a weekend! Using the techniques in RaNae's best-selling book *Simply Amazing Spiral Quilts*, you'll learn to draw, color and foundation-piece a Point-to-Point spiral. The pieces are large, so it sews up quickly -- and there are NO curved seams! Then embellish it with fusible applique (or not) and you're done! If you wish, it's easy to modify the pattern to make a Christmas tree skirt instead of a quilt. There are pre-class prep requirements for this workshop. Go to <http://www.ranaemerrillquilts.com/teaching/77>.

**Material Fee: \$10** payable directly to the instructor in class. Class materials include preprinted foundations, instructions and three patterns on CD.
