

## Basic Supply List for “The Great Glue Stick screwdriver Caper”, “Bird Watching in Applique”, “Beautiful Containers”.

1. Set of small flat edge and Phillips screwdrivers. They can be found in hardware and \$.99 Stores and come in small plastic cases. I will bring some to sell at cost.

2. Avery's glue stick (orange, yellow, pink package) 2-3. I do not recommend any other glue stick!!!! You will need several.

3. Sharp small scissors for cutting paper, Sharp small fabric scissors.

4. Roxanne's "Glue-Baste-it" or other fabric basting glue. These are washable glues...

5. Permanent Fabric glue...Aleene's "Its OK to Wash it", or "Jewel it" are two good Permanent glues. This is optional but helpful to have. Another wonderful one is the new Fabric Fusion by Aleene's it also comes in a pen which I love. The smallest size will be fine because you will not need much

This set found at Michael's or Joanne's has two permanent and one basting glue for those who cannot find the Roxanne's Glue-it-Baste-it.

6. Small acrylic or plastic cutting board...Rotary Cutter boards are too porous, better to use a piece of plastic..You need a piece that is at least 8 X 11. I buy cheap bread boards or cutting boards at the 99 cent store or at flea markets. A colored one is best.

7. Small plastic cup for water.

8. Baby Wipes or wipes to clean hands and boards.

9. Basic sewing box supplies...pins, thimbles, needles

10. Pieces of textured prints for bird wings and tails Also reds and greens .Teacher will also have some assorted fabrics to share... (Fat quarters are big enough, this is just to play around).

.12. Pens or pencils to take notes.
